# The Amazing **NY** Race

PART SCAVENGER HUNT  
PART OBSTACLE COURSE  
ALL NEW YORK!

## about our races

There are four parts to the race all with different point values. The team with the most points at the end is the winner!

**Hidden New York:** Your team is given photos of various places around the city that you need to find and complete a task.

**Photo Scavenger Hunt:** Teams take photos with things like “a hot dog vendor”, “a woman wearing red heels” or “a bride”.

**Roadblock:** This is a task that one person on the team must perform. It is usually a physical challenge like Dance Dance Revolution, Bowling or Wiffle Ball.

**Detour:** This is a choice between two tasks. It is usually something mental like a puzzle or a Sudoku.

## whether you have super powers...

or a mean competitive streak,

see New York in an amazing way!
